## Permission to Treat a Minor Without a Parent or Guardian Present

Remarkable things happen here.™

Valley Medical Center must receive permission from a minor's parent or legal guardian before providing treatments for an injury or illness that is non-life threatening (consent to treat is generally implied in emergency situations). This form gives us legal permission to treat your child in case you cannot accompany him/her to Valley Medical Center for treatment. If the person accompanying your child (babysitter, friend, relative, etc.) does not present this information, Valley Medical Center will attempt to contact you to request permission to treat your child.

## PLEASE NOTE:

- A parent or legal guardian must attend a minor's first visit at Valley Medical Center.
- Minors may receive immunizations with a parent or legal guardian's consent.
- A parent or legal guardian must provide this form directly to the minor's provider, in person, before the effective date of this form.
- This "Permission to Treat a Minor Without a Parent of Guardian Present" is only effective for the time frame listed below.
- In certain circumstances, in accordance with State and Federal laws, parent/guardian permission may not be needed for adolescents being treated for concerns deemed as "heightened sensitivity," including but not limited to STD testing, family planning, mental health, etc.

I consent that my child $\square$ can or $\square$ cannot	ot receive scheduled imn	nunizations.
